Updated Connection Volunteer Website

Welcome to the Peer Connections Volunteers resource page – we're glad you’re here! Our Peer Connections Volunteers are trained individuals who focus on the needs of people affected by MS needing support. This page is designed to support you in your role(s) as a Peer Connections Volunteer by providing relevant information and resources to prepare and ensure continued success in working with individuals in the MS community.

This page provides links to general MS information, Society services and support, and the resources specific to your volunteer role. Additionally, you’ll find best practices and tips for successfully hosting a self-help group, handling difficult conversations, and resources to share with participants for additional emotional support.

If you have any questions about the content below, please reach out to your staff partner or the Peer Connections Resource Team at PeerConnections@mssociety.org. We’re thankful to each of you for volunteering your time and passion!

Tips for Successful Telemedicine

**TIPS FOR SUCCESSFUL TELEMEDICINE**

for Those Living with MS

### YOUR INSURANCE COVERAGE

- Ensure that your insurance currently covers telemedicine and understand your out of pocket expense
- Check that your healthcare provider is licensed in the state you plan to receive telemedicine care

### YOUR CONNECTIVITY

- You will need a charged computer, smartphone, or tablet available with attached/integrated camera and stable bandwidth
- Consider having a care partner attend to help maneuver the camera
- Download the required platform prior to appointment, test it out, consent and consult with your practice administrator if any

### ABOUT TELEMEDICINE

**What is telemedicine?**
The use of technology to participate in healthcare at a distance, so you and your provider can connect from different locations.

**How does it differ from in-person?**
The use of technology allows for communication without being in the same location. Most aspects of a medical visit are possible – including conversation, medical history, discussion of specific problems, treatment plan and even many parts of a physical or
